Renaissance University, Indore

CA Swapnil Kothari
Hon'ble Chancellor,
Renaissance University, Indore

If you want to combat & conquer the world, start now!
Think and act, learn & relearn, improve and develop,
innovate & implement.

About Renaissance University

Education is not learning of facts, but the training of the mind to think.

Education does a lot to us. It changes our perspective towards things. Other dimensions appear and we become more aware.

In our logo, the book is the base that signifies that the roots are in knowledge, education and becoming aware. The darkened background shows that though the world out there has lot of adversities, trauma, badness, and filth, but the tiny light of lamp of knowledge can end it all.

The little greenery signifies hope, that whatever bad happens, there is still a room for goodness, freshness and creation to step in. It stresses to have faith and remain perseverant in your deeds.

Prof. (Dr.) Rajesh Dixit
Vice-Chancellor,
Renaissance University, Indore

Every form of life, be it micro or macro, should be seen, analysed and understood. We not only expect this from our very own self but this same ideology should also be followed by our teachers and students.

Dr. Pramod Sharma
Registrar
Renaissance University, Indore

We believe in empowering students with strong knowledge base and quality standard of higher education in a holistic and multidimensional manner encompassing all theoretical, applied and conceptual aspects by maintaining the exclusiveness of the discipline.

About Guest Speaker

Mr. Atul Jain

Senior Scientist
Tata Institute of Fundamental Research
(TIFR)

Atul Jain is a Senior Scientist at the Tata Institute of Fundamental Research (TIFR) which is an autonomous institution of the Department of Atomic Energy, Government of India and is deemed to be University.
