About Indore

Situated on the Malwa plateau; almost in the middle of two Jyotirlingas, Indore is the cleanest city of India. Besides its commercial importance it has now emerged as an educational hub. There are many renowned institutions in Indore like R-CAT, IIM & IIT. When it comes to quality education, institutions of Indore are not less-than most renowned institutions of the country.

About Renaissance University

Renaissance, as the name suggests, is a new awakening. We believe in the ever existing scope of creativity and innovation and are committed to inculcate the same in our students, who in turn will do the same to our great Nation. Our philosophy symbolizes Nation building. At Renaissance University, we wish to create professionals who believe in oneness of the world, have outstanding exposure to this world, think globally and think big. It is very important to think out of the box and to think out of the boundaries. Let us be creative & innovative, let us be different!

CA Swapnil Kothari
Hon'ble Chancellor,
Renaissance University, Indore

When I was a school going kid, one thought inspired me and was always on my mind. The golden thought was, "In coming years, big will not beat small, rather fast will beat the slow". If you want to combat & conquer the world, start now! Think and act, learn & relearn, improve and develop, innovate & implement!

Prof. (Dr.) Rajesh Dixit
Vice-Chancellor,
Renaissance University, Indore

Every form of life, be it micro or macro, should be seen, analysed and understood. We not only expect this from our very own self but this same ideology should also be followed by our teachers and students.

Prof. (Dr.) Pramod Sharma
Registrar
Renaissance University, Indore

We believe in empowering students with strong knowledge base and quality standard of higher education in a holistic and multidimensional manner encompassing all theoretical, applied and conceptual aspects by maintaining the exclusiveness of the discipline.

About the Conference

Conferences are integral part of development of institution and nation. They are organized for interactive learning and meaningful development of students, academia and industry.

Today's dynamic environment calls for innovations. Individuals and businesses which can think fast, act quick and are pragmatic will survive. This multi-disciplinary conference will help to explore the innovative areas with respect to futuristic issues & challenges. It will explore the variety of existing and upcoming developments in the field of Science, Agriculture, IT, Fashion, Journalism & Mass Communication, Management & Commerce, Law & Social Sciences.

Objectives of the Conference

The conference is a platform for research scholars, managers, academicians, entrepreneurs, policy makers & students for networking and exchanging views. It gives us learning opportunity and updated information with productive discussions on inter-linked domains. With a multi-dimensional perspective, it will also help us in churning thoughts for building a better India.

Guideline for Authors
